Summary

An ambitious Software Engineer seeking a Position in the field of Software Engineering where I can use my knowledge in that field while contributing to the company's growth, I also participated in two projects and was part of teamwork and I can work with a team and work with them hand in hand to complete tasks on time, A motivated individual with knowledge of languages and development tools, seeking a position in a growth-oriented company where I can use my skills to the advantage of the company while having the scope to develop my skills, Now I'm working on three pure HTML&CSS templates and make them fully responsive.

Education & Experience

Full Stack Web Development using MEARN Track | ITI

FROM August.2021 – TO Decemer.2021

Description:

We learned a lot of skills and languages and we learned MEARN Stack and we learned CSS3&HTML5, Bootstrap5, JavaScript, ES6, and databases like MongoDB we made small projects on them and we took some knowledge about UX Design and Unit testing.

Graduation Project:

Amazon Clone using MEARN Technology.

We were a group of 5 people, we build an e-commerce System as a Service provider for each Subscribed user to search for any product or category in our Web site list, user can select any item and Move it to his/her cart then choose any payment method as Online banking cards or cash on delivery.

Software Engineering Fundamentals Track | ITI

FROM April 2021 – TO August.2021

Description:

We learned a lot of Skills and languages like C, C++, and Data Structure, and SQLDB and we learned object oriented Programming "OOP", CSS&HTML & Bootstrap, JavaScript and we made small projects on them and we took some knowledge about OS, Networking, Windows &Linux, WordPress, and Cloud Computing.

Graduation Project:

Qena Online Market Using WordPress.

We were a group of 5 people, at first everyone shared his idea for what the project is and all nominated my idea, then we built an e-commerce System with a lot of service providers each one has own page in these sites he can reserve massages, sell from it, add or remove items each provider has a lot of parts like Men clothes, Shoes, etc. And our site has the efficiency to organize between these and modify and add any new feature for service providers.
